Major Deficiencies need to be attended on priority:

1. The committee observed that the college has four permanent teacher and Principal appointed through Selection Committee. One faculty member, namely, Ms. Pinky is however ineligible to teach as her percentage of marks in the qualifying examination is below 55%.

2. The college is however short of faculty for 2nd semester teaching and has not identified any teacher for music & fine arts, performing art and physical education. The committee advised the management to identify and select the staff for pedagogy of subjects through Selection Committee.

3. The committee found that the power point presentation shown by the Principal was not properly made, the pictures were without any date & write up, the compliance to last year deficiencies was not mentioned, the power point presentation was not reflective of any progress, additions, academic activities, co-curricular activities performed during the last year.

4. The salary of the staff is just Rs.12,000/- without any annual increments and no incentive for Ph.D, NET or experienced staff. The committee asked the management to define the criteria for salary fixation according to norms.

5. The committee visited the library and found that the books purchased were very less, the library seemed underutilized. The issue register was almost empty thereby indicating that students were not encouraged to consult books of library. The library is not automated and no effort was seen in this direction. Though the Librarian is selected through selection committee.

6. No journals are subscribed annually. One-two old editions of some journals were however found.

7. The computer lab was not connected to internet. No broadband or LAN was observed.

RECOMMENDATIONS OF THE INSPECTION COMMITTEE:

Extended/Not Extended Extended.

Gound for extension/not extension:

The committee reccomends for extension of temporary affiliation for the session 2015-16 in favour of New millinium college, only on the ground that the college shall remove the deficiencies as pointed out by the inspection team within a month's time.
